How To Use

BC40 is highly fragranced, specially formulated to combat nasty smells. Ideal for use in public areas, bin rooms, washrooms, drains, and vehicle interiors.

BC40 can be used for estate cleaning including concrete stairways, underpasses and flat clearances.

Directions for use:

Dilution Rate:

Mop and bucket: 90-120mls per 5L of water

Spray application: 90-120mls per 1L of water

Machine application: 90-120mls per 5L of water

If present remove foul waste, rubbish, bodily fluids before treating the area with BC40.
 Spray, mop or machine the affected area, try not to over wet, then leave to air dry
